

Stay up to date

We'd like to keep you up to date with the work that we're doing, what results we've had and what people have told us about their experiences of health and social care.

As well as keeping you informed about the health picture county and nationwide, we'll let you know about important dates for your diary, local events, recruitment and volunteering opportunities and anything else we think you'll find interesting.

Of course, we won't share your details with anyone else and we won't email you too often.

Contact us any of the ways listed overleaf to ask to receive our newsletter.

Please follow us!

We're on Facebook and Twitter too, posting regular updates and information about health and care in Northumberland.

Northumberland

Independent champion for
people who use health and
social care services

Our sole purpose is to help
make care better for people

What we do

- ❑ Healthwatch Northumberland is the independent champion for users of health and social care in Northumberland. We exist to ensure people are at the heart of care.
- ❑ We listen to what people like about services and what they think could be improved and share these views with those with the power to make change happen.
- ❑ Through Healthwatch England, we have the power to make sure that people's voices are heard by the government and those running health and social care services.
- ❑ We also help people find the information they need about services in their area.
- ❑ We keep people informed about what's happening in health, both in Northumberland and nationwide, as well as sharing health promotion and prevention information.
- ❑ Our sole purpose is to make care better for people.

Get Involved

Speak to us about your experiences of any NHS or social care service and help make them better for you, your friends and family.

See overleaf for ways to get in touch. Just a few minutes of your time could make a big difference and every comment matters. Your comments will help us ensure that people are at the heart of care and feedback is recorded anonymously.

How you can benefit from our work

- ❑ Where possible, we will let you know when changes are planned to services in your area and help you have a say
- ❑ You can speak to us to find information about health and social care services available locally.

You can speak to us about what you think of local services - good or bad.

We are interested in everybody's views from all parts of the community.
